## Lifestyle or personal issues

The following section may not pertain to your applicant. However, we do want to know about any potential issues that may arise over the course of a stretching summer. Please know that as you may have to share some information on personal and sensitive topics, any past problems with these areas may not necessarily prevent the applicant from being accepted. We're seeking to know if (A) it can be determined that their current convictions are strong and consistent with scripture, and (B) a significant track record of an obedient Christian life has been established. **We believe that Jesus Christ can and does change lives.** Again, honestly answering this question will not necessarily disqualify anyone from being accepted into Praxis Nashville.

<p>Are you aware of any (past or present) lifestyle or personal issues that might negatively affect the applicant, his/her ability to fulfill their responsibilities, the team, or Praxis as a whole? Please be as specific as possible. For example, criminal record, addiction, issues of immorality, etc.</p>
